

Kenai Peninsula Borough School District **COVID-19 POSITIVE** Monitor, Mask and Return Protocol

Monitor. Mask. Return to school or work.

Staff and students who test positive for COVID-19 and have not experienced any symptoms of illness, or if symptoms are resolved for 24 hours without taking medication, may choose to end isolation and return to work or school on Day 6. Staff and students must follow the KPBSD Monitor, Mask and Return Protocols to return to school or work.

ISOLATE Days 0-5

Return to school or work on Day 6 if you've not experienced symptoms, or if symptoms are resolved for 24 hours without taking medication by Day 6. Day 0 is the day of symptom onset or a positive COVID-19 test.

If any symptoms of illness begin to develop on days 6-10, you must stay home and the 5-day isolation should start over.

FACE COVERINGS

Wear a well-fitted face covering in school at all times on Days 6 - 10.

If any symptoms of illness develop, you must stay home and isolate. When you cannot wear a face covering (i.e., when eating or drinking) you should maintain a minimum of six feet of distance from other individuals to every extent possible.

RETURN to School Days 6-10

On Day 6 you may return to work or school if you never had symptoms, or symptoms have been resolved for 24 hours without medication. **Strictly follow the Monitor, Mask and Return protocol.**

Athletes: In addition, to continue to participate in school sponsored co-curricular activities athletes must also continue Daily Symptom Check Protocols

Do you have symptoms and a positive COVID-19 test?

KPBSD staff and students who have COVID-19 and symptoms that have not resolved by Day 5 should continue to isolate through Day 10, or whenever symptoms are resolved without medication for 24 hours.

KPBSD is continuing to work with public health and may make revisions to this protocol in the next few weeks.
